Detailed Cruise

Set sail from Agios Fokas, near Vatera, for an unforgettable **4-hour cruise** along the wild and breathtaking south coast of Lesvos.

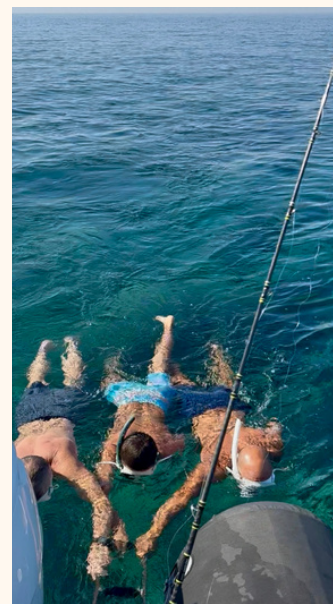

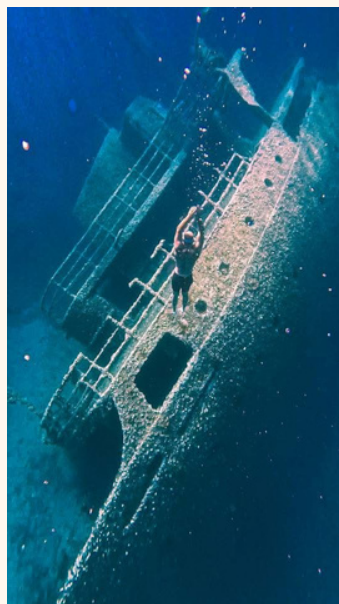

Your first stop – a **spectacular shallow shipwreck** – is perfect for snorkeling in crystal-clear waters teeming with marine life. Next, we visit the dramatic **Kommenos Vrahos** and the beach of **Apergousa**, where adventurous guests can enjoy a light rock climb to the top and admire the stunning view of two golden shores divided by the sea

Swim into **hidden underwater caves**, then discover the **mystical Panagia Kryfti**– a tiny whitewashed chapel tucked into the cliffs, accessible only by sea.

Here, **hot mineral springs** bubble into the crystal waters, creating a unique natural spa in a **UNESCO-protected area** of extraordinary beauty. Surrounded by towering rocks and pine-covered slopes, this is a place of serenity and awe, where the sea and the mountains embrace.

Our final stop is **Melinda**, where you can dive from the impressive coastal rock into the turquoise Aegean. Throughout the cruise, indulge in the flavors of Lesvos with **traditional local meze served onboard**, paired with a chilled glass of **ouzo** or a refreshing **Aperol Spritz**. And for the adventurous foodies, savor fresh **ceviche** made right on the boat from the fish you catch during the trip.
